Free **Python** and **Django** workshops
for **women** at **PyCon Australia 2014**

4th August 2014

About

Django Girls is an initiative that is aiming to introduce women who have never programmed before to the world of technology and open source development.

During **PyCon AU 2014** in Brisbane, Australia we're inviting girls to join us for a one-day workshop on the first day of sprints. We'll be teaching them how to build the internet using HTML, CSS, Python and Django.

Target

Women who have
never programmed
before but are **motivated**
to get in to a technology
related field.

Date & place

Full day
4th August 2014
PyCon AU 2014, Brisbane
(we're a side PyCon AU event,
not organized by PyCon AU)

Supporters

We already have several
awesome coaches,
Django Software Foundation,
PyCon AU and **PyLadies AU**
on board!

TEAM

Django Girls Australia is being organised by Elena Williams, a member of the DSF with lots of experience organising technical events and a big passion for getting people involved with open source. She's also working closely with the European **Django Girls** Team: Ola Sendecka and Ola Sitarska.

The event also has the full support of **PyCon AU** and **DjangoCon AU** as well as having lots of great coaches sign on.

@elequ

@asendecka

@olasitarska

Thanks! ♥
